ASSEMBLY INSTRUCTIONS

STEP 1:

Confirm product contents by emptying contents of bag(s) and confirming all parts are included and undamaged.

STEP 2:

Place mattress cover over mattress with Velcro up. **(figure A)**

STEP 3:

Extend poles and place in position ready for installation.

STEP 4:

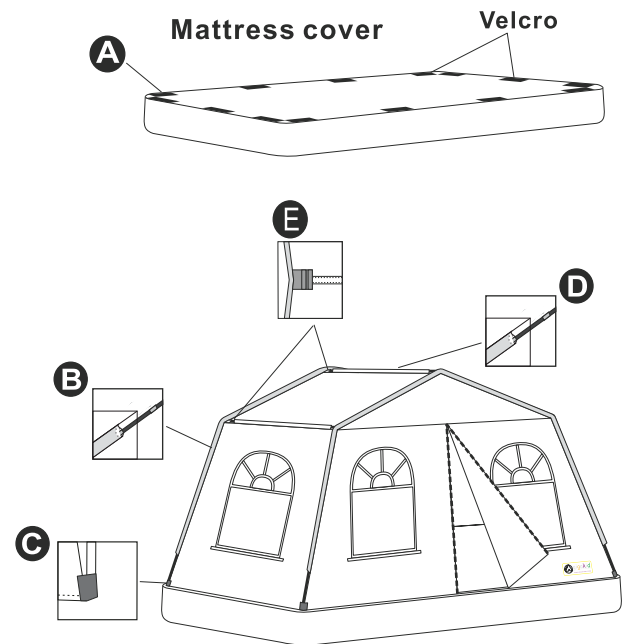

Take one of the poles shaped like a V and starting at the corner carefully push it through the YELLOW pole sleeve **(figure B)** until it comes out of the other end. Repeat for other V pole and insert all pole ends into black pole pockets on the corner of tent. **(figure C)**

STEP 5:

There are three short straight poles that span from the front to the back at the bends in the main poles. Find RED pole sleeves and insert each pole through the red sleeves. **(figure D)** Insert the ends into the black pole pockets **(figure E)** located on both ends.

STEP 6:

Place the tent onto the bed and line up the tent with the Velcro on the mattress cover and make sure they are attached.

WASHING & CARE INFORMATION

Hand wash using a mild dishwashing soap and soft sponge, then allow the fabric to completely air dry. To prevent mold or mildew do not store wet or damp.

CAUTION:

This product was not designed to be left out in the sunlight for extended periods of time. Prolonged UV exposure will rapidly break down the fabric of this product. UV damage is not covered under our warranty.

CAUTION:

Never use any fuel-burning or oxygen-consuming devices, or any devices that produce fumes, including stoves, lanterns, candles, hibachis or heaters in or around your tent. This can result in carbon monoxide poisoning, injury or death.
